DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

Claim 19 is rejected under 35 U.S.C. 102(e) as being clearly anticipated by US Patent 6678030 ("030").

Per claim 19, 030 teaches a method of manufacturing a liquid crystal display device comprising: forming a thin film transistor substrate [sub1]; forming a color filter substrate [sub2]; forming column spacers on one of the thin film transistor substrate and the color filter substrate [soc(1) and soc(2)], wherein the height of the column spacers differ as the position of the column spacers differ [soc(1) and soc(2) have differing heights see figures 5-6]; and bonding the thin film transistor substrate and the color filter substrate to each other [see figure 4].

Allowable Subject Matter

Claims 9-16 are allowed.

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after

Art Unit: 2871

the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
